What if I told you that Islam isn't built on faith morality or even truth but on Lust Strip away the promises of endless sex The Virgins in paradise and the temporary marriages and what's left nothing Islam doesn't just permit men to indulge in their desires, it encourages it, it rewards murder, with virgins.

Allows the sex of captive women and even turns prostitution into temporary marriage the Quran itself glorifies lust as a Divine reward turning faith into a tool of control this is not a misinterpretation this is Islam.

Today we're exposing how Islam manipulates men through their most basic desires how Muhammad set the example with his own actions and why when you remove the sexual incentives Islam crumbles into nothing.

Because **without lust Islam is dust**. Islam's so-called Paradise isn't about spiritual fulfillment or closeness to God it's a place designed purely to satisfy men's desires. The Quran repeatedly describes a heaven filled with young untouched virgins waiting to serve the Believers.

In Surah 56: 22- 24 it promises maidens with beautiful eyes who are like hidden pearls Surah 78: 33 adds, that these women will have full breasted Companions of equal age. Making it clear that the afterlife in Islam is like an eternal brothel.

The Hadith expand on these fantasies Sunan IBN Maja 1:50 4,337 states that each man in Paradise will be given 72 wives. [He] with the sexual strength of a 100 men. Sahi buhari 3,255 describes how even the lowest ranked Muslim in Paradise will have 72 wives. The marrow of the bones of whose legs will be seen through the flesh because of their beauty.

It's not about Holiness **it's about lust**. Women however are given no such promises their role in Paradise is unclear, most are simply there to serve men and those who fail to meet Islamic standards are doomed to Hell. Sahi Muslim 2737 records Muhammad saying, „I looked into hell and found that the majority of its inhabitants were women. Their sin Disobedience to their husbands.“

But Islam's obsession with sex isn't just about the afterlife, it extends into Warfare. Surah States and forbidden to you are married women, except those your right hands possess. This means that if a woman is captured even if she has a husband she is now property to be used as her owner pleases.

The Hadith confirmed that this was not just a permission it was practiced sahi Muslim 3,371 recounts how Muhammad's followers captured women and concerned about impregnating them asked the prophet about using Kus interruptus.

Muhammad didn't tell them to stop he simply said, „... do it if you wish but whatever is decreed will happen...“. Islamic history is filled with rulers who kept harems of concubines justifying it with quranic law. Even today ISIS and other jihadist groups use these same verses to enslave Christian and yazidi women.

**Islam's laws were built to indulge the desires of men at the expense of everyone else.** Islam doesn't just allow men to satisfy their lust it legalizes prostitution under the name of marriage. The practice of mutah or temporary marriage is a contract where a man can marry a woman for an agreed period, sometimes as short as a few hours and then discard her.

This is nothing but legalized prostitution with the contract often involving a payment in exchange for sex. Surah 4: 24 explicitly permits it so. „... for whatever you enjoy from them give them their due compensation as an obligation...“. Early Islamic sources confirm that this was common among Muhammad's followers.

Sahi Muslim 1406 states that Muhammad himself allowed temporary marriages even if only for a short time as long as the payment was agreed upon the practice was so blatantly about lust that Umar the second califf eventually banned it, but Shia Muslims still practice it today.

Sunni Islam while condemning mutah allows another form of exploitation called Nika misar or traveler's marriage this loophole lets men marry a woman while waving all financial responsibilities meaning he gets the benefits of a wife without the commitment. It's a system built entirely to cater to male desires stripping women of any right or security.

But Islam's control of lust doesn't stop at legalizing sexual exploitation it also suppresses women entirely to prevent men from being tempted the Quran and Hadith blame women for men's inability to control themselves enforcing oppressive rules to keep them hidden and submissive.

The hijab is often defended as a symbol of modesty but the Quran itself makes it clear that its true purpose is to prevent men from being aroused Surah 33:59 commands women to cover themselves so that they may not be molested. In other words if a woman is harassed it's her fault for not covering up.

Islamic law goes further enforcing segregation limiting women's education and even allowing men to beat their wives Surah 4:34 explicitly States as for those women on Whose part you fear Disobedience admonish them forsake them in bed and strike them Muhammad himself set the example sahi Muslim 2,127 records Aisha saying, „The messenger of Allah struck me on the chest which caused me pain.“

The Islamic view of women is clear they exist to serve men's desires and when they step out of line they are to be punished.

If a man cannot control himself, it is the woman's responsibility to disappear from sight. This isn't about faith. It's about power, control and ensuring that men's lust is never denied.

The internet is already exposing these truths. Former Muslims are speaking out, the lies are falling apart and the more people see Islam for what it really is, the closer it gets to crumbling.

It's time to call it what it is a system built on: Deception, control and lust. A system that cannot survive without suppressing truth.

Without lust Islam is Dust.
