HOW PROGRESSIVES BETRAYED EUROPEAN WOMEN

In this explosive episode, Harris Sultan takes a raw, unfiltered look at the wave of sexual harassment cases sweeping across Europe—many involving migrant men from deeply patriarchal and conservative cultures. From swimming pool bans in Germany to street harassment in Ireland, Harris exposes the cultural clash playing out across Western societies.

Using official reports, mainstream news articles, and viral footage, Harris breaks down how “progressive” policies and political correctness are failing to protect women—and how a culture of misplaced empathy is leading to what he calls suicidal tolerance.

You’ll see shocking clips from Germany, Ireland, and Australia, including disturbing campaigns that bizarrely depict migrants as the victims, even amid overwhelming evidence to the contrary. Harris also warns of the growing resentment among natives and the political consequences if mainstream leaders continue to ignore the obvious.

🔗 Watch until the end for real footage, harsh truths, and a brutal reality check. ⚠️ Trigger warning: This episode contains graphic commentary and mature themes related to sexual harassment and violence.

Introduction: Cultural Clashes and Sexual Assaults These men come from horny cultures and when they come and see women in bikinis or if they show a little bit of skin, **they can't control themselves and then they just grab** him. But he's got no shame. You got a husband? Don't worry about it. He doesn't need to know. I wouldn't tell him if you don't. Jeez, I'm a man and even I'm getting scared.

Look at their warning signs. White German woman is sexually assaulting a brown immigrant man. brown migrant woman is being sexually harassed by a native German man is because they are raised with this thinking that white western women are cheap [__] I'm surprised he didn't try to guilt trip her by saying, „Hey, look, Israel is bombing my people. You know, I'm so desperate. “Can you can you please give me a BJ?” They feel bad for them. They give them pity

sex. These poor men, they've been through a lot. „Come on, let me help you out. Let me relieve some of your energy. All“

The Issue of Migrant Men in Europe right, folks. This is Harris Sultan and this issue of migrant men from third world misogynistic horny cultures coming into Europe and then sexually assaulting western women is getting out of hand. So much so that a German police union official recommended that all migrant men from horny cultures must be banned from entering swimming pools. However, that is not something new. This has been going on for at least a decade. Let me

German Policies and Incidents show you this. This is a BBC article back from 2016. Cologne attacks migrant men banned from German swimming pool. And that's not the only one. German town bans male refugees from swimming pool. Male asylum seekers in Germany are banned from public swimming pools. And the reason for that is because, as I said, these men come from horny cultures. When they come and see women in bikinis or if they show a little bit of skin, they can't control themselves and then they just grab them.

That's the reason why Islam says that, you know, you should separate men and women. You shouldn't let them intermingle. That's the reason why these people are about, I'd say, about 200 years behind from the West. Western men have been civilized, tamed over centuries. They've been told that, hey, if you see a woman in a bikini or in skimpy clothes, then it doesn't mean that she's asking you to come and grab her. That's not what it means.

But who's going to tell these people? Let me show you the video of this German police official. I'm not going to play the whole video cuz it's a little long, but I'll include the link in the description so you can watch the whole video yourself. Just not to this extent. So, it's been happening for a long time where migrant men have been harassing and sexually assaulting German women for a long time. But now the frequency is increasing. Why?

Because the woke police and the woke politicians thought that if we do something about it, then it's going to be racist. „So, better let our women get raped and sexually assaulted than be labeled racist.“ That just doesn't make any sense. Fore. So anyway, so you can watch the whole video, you get the gist of it. By the

Broader Implications and Global Examples

way, it's not just the women who are at risk here. Western men because they don't go in large groups. They don't go look for trouble. Western men are being assaulted by these groups of men as well. You know why? Because they come in a large group of five, six people and then they start harassing girls. Then they start harassing people. If somebody tries to stop them, then they turn on them. Something very similar happened to a lifeguard in Melbourne. Look at this.

Chilling pictures tonight of a gang of young cowards wanted for bashing a defenseless lifeguard at an Ari Warren Aquatic Center. The boys assaulted the young worker in front of dozens of families. Lana Murphy reports. They arrived in a pack, acted like animals, then ran away like cowards, and police want you to see their faces. Five teenagers have been charged over the terrifying attack on a young lifeguard at a narrow Warren swimming pool. The youths were arrested during a series of search warrants at homes across the city southeast. They face charges of fray and assault and have been bailed to return to court in May.

Actually, I don't know what happened to them. We are in July now, so I don't know what happened to them. They never released that information. I bet it was just ignored as a first offense and these people are still getting welfare payments from Centerlink.

But it's not just limited to swimming pools. Let me show you this video where a big African man approaches a German woman who is just out on a walk with her children. Look at this. [Music] She's she's saying she she's always getting followed by men. And this time she actually films it. And her husband is out there working, trying to provide for his family, paying taxes, and the government is supporting the lifestyle of these migrants who are harassing these women using their tax dollars or euros. That's the irony of it. That's the sad part of it.

Mr. Excuse me. Oh, look at that prince charming over there. What is this? Did he blow a kiss? Look. Oh my god. „...My husband...” Obviously, her husband is out of work and she's just saying that to him to deter him. But he's got no shame. „You got a husband? Don't worry about it. He doesn't need to know. I wouldn't tell him if you don't.” I think it didn't mean her. I think he means you. I think these subtitles don't actually make sense. I think he's saying „I saw you from behind.”

Okay. Look at the rage in his eyes. He's soul learning. I want to boom. You recastated. Look at that. No shame. No game. That's not how you pick up a chick. That's just pure sexual frustration.

Jeez. I'm a man and even I'm getting scared.

„...Yes, mom. You have a husband? Never mind. No. No. When your husband goes to work, why don't you come and see me? Have a date. Your children, don't worry. Put them to sleep and let's just do it right here in the corner...”

Oh my god. [Music] or one kiss. I think she ran away after this. That's terrifying. That is [__] terrifying. Where are all the men? They're out there working, paying taxes. Anyway, check out the irony of it. Yeah.

Woke Ideology and Its Consequences

So, we have noticed hundreds of cases where migrant men are assaulting white German women. And you know what woke German swimming pools are saying?

Look at their warning signs. Check this out. This is funny. You can't make this [_] up. So, a campaign against sexual harassment at a Cologne swimming pool has gone viral after a series of images shows white people assaulting immigrants.

So, this white German woman is sexually assaulting a brown immigrant man and is saying, "Stop. Don't assault these poor migrant men." Okay, so they've even thrown women under the bus. If it was a white man doing it, I'd be like, it's still pretty bad because they don't do that. But, okay, it's like in **this woke ideology, they're not even feminists anymore. I just don't know how their mind works. I I can't make any sense out of this.** Okay, it gets better. Look at this. A brown migrant woman is being sexually harassed by a native German man.

And it came just this week. Four Syrian migrants were arrested on suspicion of sexually assaulting at least nine underage girls between 11 and 17 at the Barbaro Sabad swimming pool in Hess. And after that, two more Syrian men are being investigated for **the assault of a 12-year-old girl** at a similar complex in Hoff. Two foreign nationals sexually abused a 16-year-old girl at a swimming pool in Vienna. In May, a 30-year-old Afghan was facing a possible one-year suspended prison sentence after admitting to groping a 14-year-old girl at a pool in Belgium.

All of this is happening, **but the woke community is still gaslighting the native public.** Something's got to give. This is unsustainable. And by the way, it's not just in Germany or or in France. Let me show you a fresh video straight out of Ireland. Listen to this Irish woman, so.

I'm just here standing waiting for my boss, minding my business, and this dirt bag comes up to me and asks me where I'm from. Told me told me they're all mad. They're all mad in town. He told me he's from Palestine and then asked me, "Did I want to have sex?" Just straight up asked me, "You want sex?" I was like, "No, don't want sex." "No sex?" "No, [___] off. You dirty [___] bastards.

I've said this before. You know why they say that? It's because they are raised with this thinking that white western women are cheap [___] They wear revealing clothes. They are [___] They just want to go and everything that moves. That's the mentality that they are raised with. He's just going up to a woman. He's like, "Oh, you guys love sex, don't you? So why don't you give it to me?" I'm surprised he didn't try to guilt trip her by saying,

"Hey, look, Israel is bombing my people. You know, I'm so desperate. Can you can you please give me a BJ? Can you please, you know, sit on my lap?"

And I actually wouldn't be surprised if some woke people say,

"Hey, the people are getting bombed. You know, these are migrants. You know, they don't get to have sex. I think we should volunteer ourselves to have sex with them. They got to relieve their energy and frustration. You know, I think we need to relieve them."

That's what purple-haired woke women would do. I think they would do that. Don't think I'm exaggerating. Wait a second. Let me show you something. Look at these women. [Applause]

[Music] Dancing with them. This is in Spain, by the way. Let me show you some more. 100%

I guarantee you they feel bad for them. They give them pity sex. [!?] This world. Look at this. There's more. [Applause]

„These poor men, they've been through a lot. Come on, let me help you out. Let me relieve some of your energy.“

This is This is [__] I don't know. Let me show you one more. Look at this poor German woman. forch. Foreign speech. Foreign speech. It's horrible. And they've done this to their own people. Suicidal empathy.

Conclusion: Future Predictions and Warnings

I think this is creating the grounds for Hitler 2.0. And it's not just going to be one dictator in Germany or in France. I think it's going to happen simultaneously in many European countries. We're going to see a lot of dictators emerge because I think democracy cannot fix this anymore. You're going to need a strong man who's going to come on a strong rhetoric who's going to say, "I will deport every foreignb born. I would deport every non-white." This is where it's headed.

And brown and black people who've been born there for multiple generations, even they will fall under the sword of this new fascism. It's going to happen. Because these lefty woke Marxist idiots, they don't understand. They constantly underestimate the power of self-preservation.

I don't think white people are just going to fizzle out. I just don't think it's going to happen. I don't know much about the AFD, but it seems like the AFD is a bit more far righty, but they got a lot of votes. They obviously didn't get enough to form a government, but who's to say they won't get more votes in the next election, especially when you see police union officials.

Ordinary women are crying out for attention. They're asking, they're begging the government for help and they're not doing anything. Instead, they're bringing in more migrant men. So, uh, I don't know. Interesting times ahead, certainly. You look better. [Music] Better.
